Opened “Onsen Ryokan Glamping”, which combines the best of glamping and hot spring inn at Koshikano Onsen (Kirishima City, Kagoshima)! Enjoy a special extraordinary experience at a reasonable price with the calmness of a hot spring inn.

Vision Inc. (Headquarters: Shinjuku-ku, Tokyo, President, Representative Director and COO: Kenji Ota, hereinafter Vision), the provider of the Glamping and Tourism business, opened “Onsen Ryokan Glamping” which mixes customer experience elements of hot spring inn and glamping on September 1, 2023. It is located on the premises of “Koshikano Onsen” (Kirishima City, Kagoshima), a facility of Vision Glamping Resort operated by Vision.

The facility provides all rooms with abundant hot springs that have been loved by locals for many years as hot springs for beautiful skin. In addition to hot spring inn-style guest rooms, we offer glamping-type guest rooms including suite glamping rooms equipped with dome tent, dining, bonfire space, washroom, changing room, and baths (open-air bath with natural hot spring water, tent sauna, and cold bath) in Japan’s first [*1] private space of over 150 square meters.

The “Onsen Ryokan Glamping” that opened this time is based on the opinions of customers and has been combined the best of the existing guest room types. In order to ensure a relaxing space unique to a hot spring inn while also allowing customers to experience the essence of glamping along with the hot spring, each private room has a private bonfire space facing the garden and a tent sauna.

■ To provide a more “extraordinary experience”

In order to further enjoy the “extraordinary experience” that is the theme of Vision Glamping Resort, meals and baths can be used in private rooms, allowing them to enjoy private time without coming into contact with other customers or facility staffs during the stay. In addition to interior design, we are also particular about cooking appliances, offering a high-end lineup of products such as BALMUDA and De’Longhi.

Meals featuring grilled local ingredients will be cooked beautifully according to the ingredients with “abien MAGIC GRILL”, and customers will also enjoy rice cooked with local ingredients with Tiger’s “Gohoubi Daki”.

■ Overview of Koshikano Onsen

Kirishima's "Bihada no Yu (Beautiful skin bath)" "Koshikano Onsen" is known for its high quality natural hot springs and has been loved as a spa.

All of our customers can fully enjoy the highest quality spring water, which is said to be a hot spring for beautiful skin, to their heart's content in their rooms.

In the main building, each room has its own private hot spring bath. Customers can take a bath 24 hours a day in their room whenever they like. There are also rooms with tent saunas.

We also have a glamping facility, the first in Japan [*1], where all private rooms have open-air baths with natural hot spring water. Customers can use it together with the water bath using Kirishima natural spring water and the tent sauna (installed in Suite Glamping).

We also have plans that allow customers to stay with their pets.

[*1] According to Stella Associa’s research (December 2021), a private space is defined as having the functions required of a hotel (4 points: bed, toilet, bath, and dining space) in each room. This means that everything is invisible from the outside.
